

Multiple layers of bulbs in one pot to bloom over time.

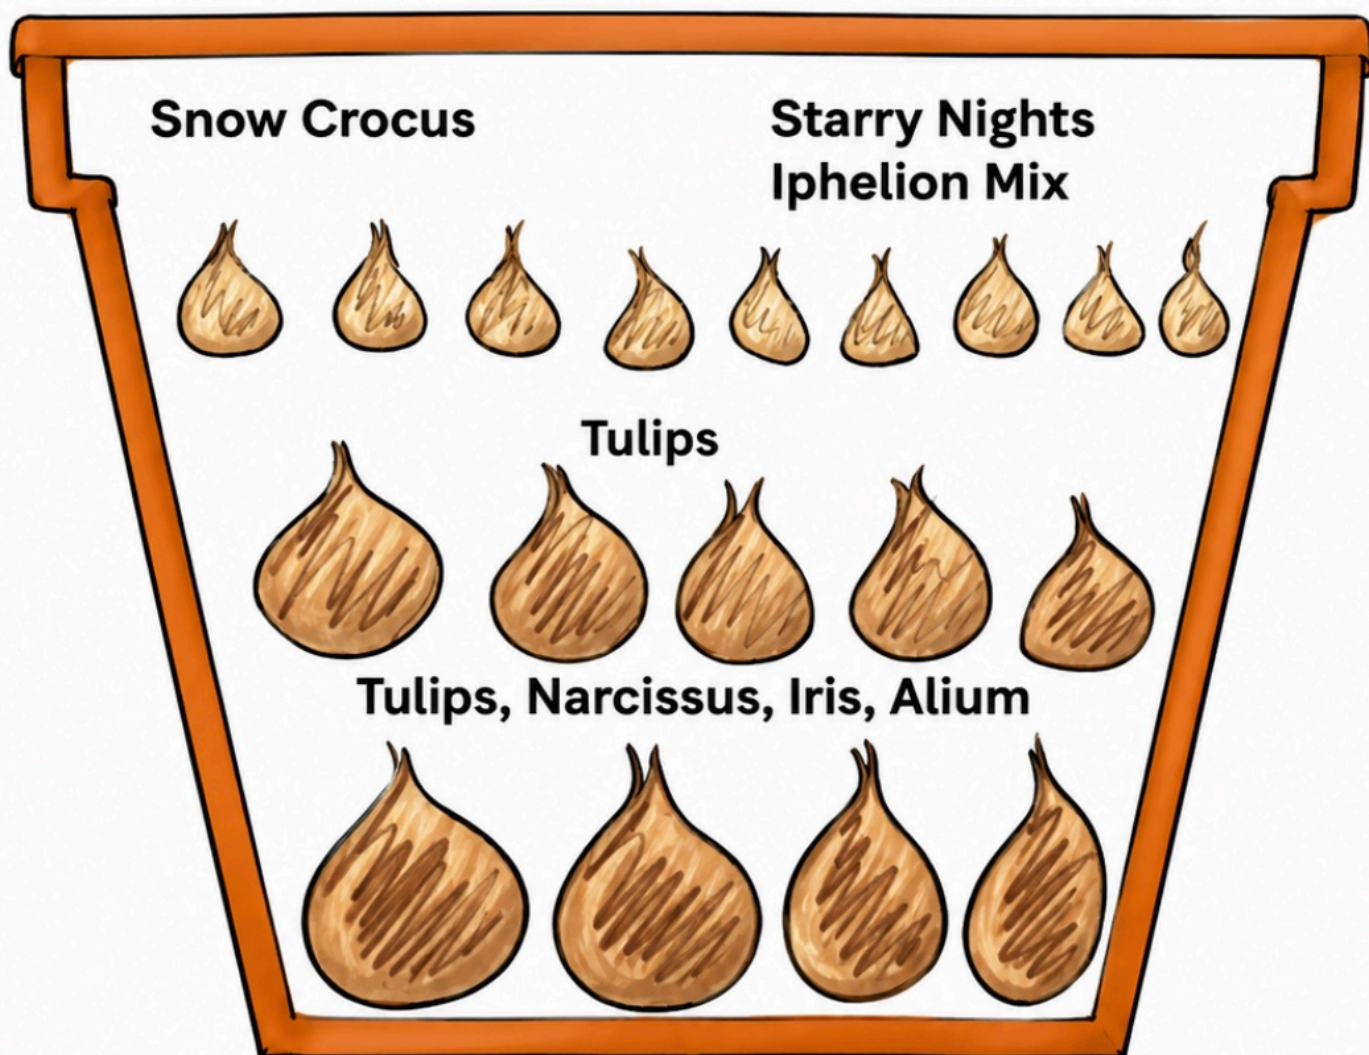

Earliest bloomers on top (eg crocus)

Latest bloomers on bottom (eg tulips)

1" potting soil on bottom of pot

1st layer bulbs – can be close (@1/2")

Add more soil (@1") then bulbs; repeat. Leave 1" space top of pot. START EARLY DECEMBER

Cover with chicken wire to keep animals out

Can keep outside throughout winter – water if overly dry

Watch for emerging bulbs in spring!
